- Gates open at 9am. The track is generally ready to run at 10am depending on prep needed & weather from the previous night. The track rental is over at 5pm.
- Time slips will be printed for every pass from the Compulink timing system. The Printer is located at the front of the tower, beside the steps.
- All vehicles are required to pass IHRA tech inspection.
- Fire/Rescue Staff are provided in the track rental at no extra cost. We have additional Fire/Rescue Staff at the top end for all Pro Cars at an additional \$100.
- Track Prep to the 60' clock is always included in a track rental. There is a \$0.50 per foot fee for track prep after the 60' clock per lane. There is a \$1.00 per foot charge for Drag Radial & Pro Cars for track prep after the 60' clock per lane.
- A \$200 deposit is required to reserve your day, and can be made over the phone with a Visa or MasterCard. Your deposit is used towards your rental fee. The remainder of the rental fees are to be paid for by cash or credit card the day of the rental.
- If you choose to cancel the rental because of bad weather, you must cancel before 5pm on the previous business day. If you cancel after 5pm of the previous business day, you will lose your deposit. If your rental gets rained out after any passes have been made, then the full amount of the rental is still due. If the rental gets rained out after prepped but no runs have been made then cost of any prep past the 60' clock is due along with the loss of renter's deposit.
- MDIR does not give out information on who has rented the racetrack or dates on when the racetrack has been rented. You must connect with the group that has rented the racetrack directly yourself. This policy is in effect for the privacy of those renting the track. Please do not contact the track to inquire if anyone has an upcoming track rental as the information will not be given out. You must network directly with the group or put together your own group and call us to book your own date.
